

Ask your Senator to say NO to war with Iran

Call the Congressional Switchboard at **202-224-3121 & ask your Senators**

"I am a constituent of Senator _____ and I am calling to ask [him/her] to support any legislation to prevent an unauthorized war with Iran.

Specifically, I urge the Senator to support the bipartisan **"No War With Iran Act," S. 3159**, to deny any funds for unauthorized military force. President Trump is marching us toward yet another unnecessary war of choice in the Middle East. He is endangering the region and the world with his reckless escalation of tensions with Iran. Congress must reassert its long-established oversight responsibilities in matters of war. Thank you."
